CLEARLY IT'S TIME FOR A CHANGE!!

LOOK ★ SEE ★ LISTEN THEN VOTE FOR SCHULER TO REVITALIZE GRANITE CITY

Look around you. Our city has de veloped the symptoms of a dying area. A once thriving downtown business district is now a display of vacant windows and locked doors. Plants have been closed. This process must be reversed!

The present political leadership has failed the citizens of Granite City. No new business or industry has been attracted here. Plants have continued to close. Granite Cityans are shortchanged the opportunity for gainful employment.

You can solve this problem by pro-viding your city with a mayor who has both ability and the experience to change this downward direction. Paul Schuler offers new hope through his "People Talent" plans.

Using the "People Talent" we have available in Granite City, Paul intends to use a Community Resources Commission to help him plan a revitalized Granite City. Teams of recruiters will endeavor to attract new business and more industry so that once again Granite City can be a healthy, growing community.

gentle, nostlgic trip into the past.

Rimsky-Korsakov's "Scheheracade" evokes the imagery of a siren and a sultan in an oriental setting to most listeners, and a sireners, and a sirener of the sea and birds wheeling in the wind. It depends on the way thinself objected to a rigid interpretation of the "story" that went with the music, preferring to think of his composition as intricate symphonic music.

You can judge for yourself as Eugene Ormandy and The Philherazade" on a new quadra disc release by RCA. Norman Carol handles the solo violin with an appealing delicate tone. A dreamy piece of music, as manded and and the music and the properties of the solong the solong

Unique Living-Learning Experience for SIUE Students Residing in Tower Lake Apartments

GROUP ACTIVITIES AT SIUE. Tower Lake apartments are planned by Judi Allen (standing) of Grafton with four other residents. Miss Allen is president of the Tower Lake Area Council, a 35-member governing group elected by the stidents. Miss Allen shares the feeling of most of the 416 single students and 145 families—"It's really a good place to live."

Families have a choice of two-bed-room or three-bedroom apartments, and the univer-sity requires at least one of the parents to be a full-time student at SIUE. Two-bedroom apartments are provided for single students, with four persons— all of the same sex—occupying each apartment.

APARTMENT LIVING at Southern Illinois University at Edwardsville is "a unique growth experience," according to Rex Hermsmeyer (second from left), assistant director of housing for SIUE. Ken Brackenhoff (left), a resident manager at the Tower Lake apartments, his wife (seated on floor), and William H. Hall (seated by Hermsmeyer), director of housing, agree there is a "tremendous amount of communication among students at the apartments. "The students really learn how to get along with each other," Hermsmeyer says. Brackenhoff, a native of Litchfield, is doing graduate work at SIUE in city and regional planning.

POPULAR ACTIVITY at Tower Lake (photo at right) is bicycling. Taking two-year-old Paul Schmid for a ride is, h is mother, Mrs. Don Schmid. There are extensive areas on the 2,600-acre campus where bicycles may be ridden without fear of traffic hazards.

A LOT OF BABY-SITTING is necessary, and the parents take turns looking after the youngsters. Al Sinclair, whose wife, Carolyn, stays on a regular basis with 10 children ranging in age from two and, a half to five years of age, takes a turn helping with a block building exercise. The Sinclairs have been residents of Tower Lake for three years. A veter an of the Air Force, he is active in the Veterans Outreach Program of the Governor's Office of Human Resources.

and schievement. We are only piges and schievement. We are truly sorry that Mayor Partney has health problems. But it is apparent that this could handicap him, at least during a considerable part of the next term.

The mayor can look back with pride on a number of municipal accomplishments during the past eight years. Nor can all of the serious problems of this community, be properly blamed on him.

Still it is hard to visualize the city operating with full efficiency after May 1 with him at the helm and with the bulk of the present City Council continuing in office, as it will; at least 10 of the 14 are certain to remain the same.

of the 14 are certain to remain the same.

Mayor Partney has clashed frequently, with the Council, justifying this by-saying he is right and aldermen who differ are wrong, which is true in some cases but certainly not in all instances. The pattern of disagreement was highly visible in August 1972, when the mayor vetoed the entire budget and the city was able to remain in operation only. by the Council over-riding his action. Yet, much of his hope for a third term is based on the size of the vote that can be delivered by Alderman Nohn, a former Partney foe who exemplifies much of what the

gnauer, Cruse, Rufledge, Stevei Grantie City Township Supervisor Welson Hagnauer is endorsed by the Press-Record for re-election April 3 due to his expertise in that office and in governmental procedures. As a supervisor in 1955, that position involved as its primary function service on the Madison County Board of Supervisors. His county role continued when he became supervisor in 1961, and at that time he also assumed the principal responsibility for provision of township services, chiefly the administration of supervisors. Hagnauer subsequently advanced to the chairmanship of the County Board township services, chiefly the administration of Supervisor Hagnauer subsequently advanced to the chairmanship of the County Board of Supervisors. It would be incorrect to say that the city government is in utter chaos. It is not. But there are many important issues to be resolved. the challenger. This would be such a false, unfair, illogical approach to the campaign that it would be insuling to Granite Cityans of all faiths.

Voters ought to choose between the two candidates according to the issues—and according to their belief as to which individual can best perform the duties of mayor. We think voters are duties of mayor. We think voters are to rise above any type of "hate campaign" that might develop.

Hate tactics ought to be repudiated by whoever resorts to them, and by the citizenry.

2250 MADISON AVE. CHARLIE ADAMS, Mgr. -- PHONE 451-7620 Our new Vega wagon

has a lot more standard features than meet the casual eye.
What you see, of course, is the rich, warm look of wood-grain vinyl, including door handles. Plus some nifty looking trim rings on the wheels.
Got 'em spotted? That's only the beginning of what's neat about Vega Eatate from Chevrolet, America's family wagon

irom Chevrolet, America's idminy wayon builder. Hijs-up tailgate. A flick of the wrist and you've got a clear view of a second seat that folds down to 50.2 cu. ft. of cargo space. Frent disc brakes. 10-inchers for smooth, fade-resistant stops, backed up by a dual master cylinder brake system with warning light.

Mody's rod lop c

Adjustable driver's seat back.
Woody comes with deluxe buckets, no less, high backed and scientifically designed to support your back. Very good looking, very plush, with luxury trim and driver's seat back that adjusts to two positions for even greater comfort. The dear which in turn are trimmed in vinyl with wood-grain vinyl accent molding.

Flow-through power ventilation system. An ingenious way to keep outside air circulating even when the windows are rolled up and the wagon is standing still. We think you'll be surprised at how efficiently it works.

4-spokes portsteering wheel. It goes with your sport deluxe instrument ponel that features of the padded dash.

Woody's roof top carrier and white stripe tires are available.

Also standard are the new ashtrays for rear seal passengers.

First cousin award. Woody's far too young to cop any honors, but not the Vera off, which was selected by Motor Trend magazine as 1973's "economy car of the year."

All we can say is, wait'll next year,

Chevrolet. **Building a better way** to see the U.S.A.

Take a second to backle up.
It could save a lifetime.

Testing Methods For Pesticides **Devised by State**

New testing processes for agricultural pesticides have been developed by the Illinois Environmental Protection Agency as a result of emergency analysis required last month in a "poison lettuce" alert.
